Guest Speaker **Luman & Tanya Strong**

"The journey in marriage for Luman and Tanya Strong began two decades ago with a beach wedding on the shore of Lake Michigan. Their love for the institution of marriage has grown through the years as a result of experiencing God's grace through trials and passages through life. Living in Asia, health concerns, and raising five children (two adopted from China) are episodes that have been used by God to reflect His glory through His creation of marriage. From this, they have grown a passion for considering the hand-in-hand partnering with a spouse through the adventure of life as not simply a blessing, but a wonderful opportunity to mirror Christ and the church. Luman and Tanya live in Chelsea, MI with their five children."
